

I've Been Born Again (You Must Be Born Again)

Long ago I didn't know nothing about Jesus and His love,
I had heard about it, but I'd never felt it
this manna come down from above;
When this life of sin I could no longer stand
How, big mam and brother and I asked
"How do I get to know the Man" She said,
(CHORUS)

You must be, don't you see? yeah, yeah, yeah!
(You've got be born) be born again,
(got be born again) be born again

Dick Adams was a ruler of the Jews
He was a pharmacy and a good teacher, too
Dick Adams then teaches people,
when they gather around the steep
was born and went to there, was born and stillin' me lay
Dick Adams, he was the good and educated man
(It's) so no long talk, "Dick Adams, there's a one thing your mother's strain."
(He said)

(CHORUS)

(I've) filled with (in), free from sin. yeah, yeah, yeah!
(You've got be born) be born again,
(got be born again) be born again

(CHORUS)

You must have that fire and Holy Ghost that
burning thing that keeps the pray'r wheel turning that
kind of religion you can not conceal
(It makes you) Move, (It makes you) Shout,
(It makes you) Cry when it's real

Down my hands in a magic chain
My soul little eager in my deed of sin
I'm free !

(CHORUS)

You must be, don't you see? yeah, yeah, yeah!
(You've got be born) be born again,
(got be born again) be born again

(Don't you know there are ?)

✘ repeat
